## Outdoors Sports Weekend at Indiana Beach

Indiana Beach is hosting its annual Outdoors Sports Weekend starting this Friday that will consist of the annual bass fishing tournament and Lithgow Motor Sports showing off their new line of sporting vehicles.

The Outdoors Sports Weekend will be from this Friday, June 3 to Sunday, June 5. Indiana Beach will be hosting the event while Lithgow Motor Sports (LMS) will be displaying a variety of their sporting vehicles all weekend. LMS will be bringing Sea-Doo wave runners, Can-Am and KymCo off-road vehicles and a 6x6 Argo with them. An Argo is an amphibious vehicle that can go straight from driving on land to moving on water. All of these vehicles will be available to examine all weekend long and LMS will supply experts to answer any questions anyone might have. LMS has more information on all of these items including pricing and details on their website at [www.lithgowmotorsports.com](http://www.lithgowmotorsports.com)

Indiana Beach's annual bass fishing tournament will also be held this weekend on Saturday. Check in will be at 5:30 a.m. and the start of the tournament will be at 6:30 a.m. There are 25 boats, two people to a boat, competing against each other. This is strictly a bass tournament so only large mouth, small mouth and Kentucky mouth bass will be accepted at the weigh-in. Also the fishermen can only use artificial bait, no animals will be harmed and that includes the fish being caught. All fish, even the winners, will be released back into Lake Shafer. The weigh-in will comprise of each team combining their five heaviest fish to have the highest grand total weight. The weigh in will be at 2 p.m. on the boardwalk and prizes will be given out after the weigh-in is official.

Each of the top five teams will receive a cash prize ranging from \$1700 to \$250 as well as a season launch pass at the Indiana Beach campground. John Raines, a retired conservation officer, will be hosting the live weigh in. He will also be having interviews with the fishermen about their tactics and what lures they used out on the lake in hope of getting more people doing outdoor activities like fishing.
